18 December 2013

Dear Julius,

As a Senior Advisor to the Marcus Wallenberg Prize you are part of the indispensable network of experts on which the MWP selection process is so dependent. You have made important contributions to MWP in the past and we hope you are willing to continue your support also in the future.

Relying on your area of expertise and your professional network we would very much appreciate if you could take some time to identify and propose new research areas of importance and potential interest to forestry and/or the forest-based industry. Any suggestion is of interest to the MWP Prize Selection Committee to consider, either with the purpose to encourage new nominations or to invite identified experts to make reviews of the areas at hand.

Even better is of course if you have a specific achievement in mind that you are willing to transform into a MWP nomination, or perhaps encourage somebody in your network to write a nomination. We can recommend you to take a look at our web-page www.mwp.org, where you will find instructions on how to make a nomination.

We hope you appreciate the small gift which is attached to this letter and that you by making use of it at appropriate occasions will help us, through the MWP, to promote the idea of the forest-based sector as a driver in the development towards a sustainable use of our common planet.

With these words we would like to wish you all the best for the Season and for the New Year!

Kaj Rosén
Executive Secretary

Gunilla Jönson
Chairman of the Selection Committee
